Community Presentation on Human Trafficking Hits Close to Home

On July 28th, we proudly hosted our first event in our new location. Over 50 attendees, including 12 newcomers, joined us as Cristel of the Orange County Human Trafficking Task Force presented eye-opening information of the darker side of our community. Sex and labor trafficking is happening right in our own backyard. Fortunately, this Task Force was created to rescue victims and provide long-term support, as well as prosecute the offenders. Through the collaborative efforts of

We Did It!!

Community Event: Orange County Human Trafficking Task Force Presentation Scores!!

This was our first event held at our new and permanent home. We couldn't have asked for a better turnout and show of support from our awesome congregation members! With everyone pitching in it created a fun team environment that helped make things much easier for all involved. We have set the stage for many future WRAG events to offer our congregants and community – way to go!

A special shout out to Cristel for an enlightening presentation, Debbie for volunteering Dave's AV wizardry, Dave for graciously accepting, Karen for coordinating the event, and to the multitude of people who helped spread the word, brought refreshments, cleaned up, gave street-side directions, and mostly a BIG THANK YOU for everyone's willingness to help out!

Up Next. . .

Stay tuned for details of our October Community Event – Please plan to attend this month's WRAG meeting as we plan our next event: a documentary and guest speaker.
