

## UNITED TO END HOMELESSNESS

# ADVOCACY 101

Engaging in advocacy sounds scary. It doesn't have to be. There are many effective ways you can be a powerful voice for the housing needed in your community to end homelessness. Join us to learn:

- How to avoid shouting matches and instead find and join with like-minded people to engage in positive action
- The difference between project-based, policy-based and issue-based advocacy and how to organize around each
- The housing development process and how you can help move it toward approval
- How to find the information you need to be an effective voice for more supportive and affordable housing in your community

This class is led by **Tim Shaw**, former Executive Director of the Orange County Homeless Issues Task Force and **Michelle Murphy**, Director of Public Affairs for Orange County United Way.
